

THE WORKBENCH

# COMPUSPOT 160

AMH®

**Multifunctional Service Center** for dent pulling steel

This multifunctional service center is a mobile workbench specially designed to provide a clean and productive workplace for the CompuSpot 160 operator.

The workbench centralizes all the operator's tools and utilities:

220V & 380V electrical outlets.

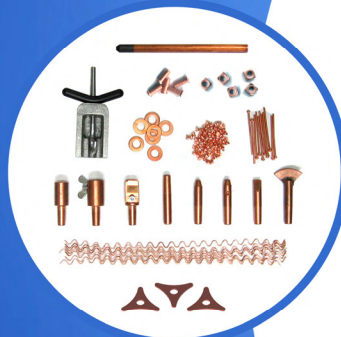

Compressed air outlets.

Front and side perforated panels for tool storage.

Welding gun & Cable supports.

Sliding drawer & Storage shelves.

Scratch resistant table top coating.

The service center comes complete with:

The workbench, the CompuSpot 160 dent puller,  
1 straightening bar, 1 pulling bar,  
1 automatic spot pulling gun, 3 pulling claws,  
2 angle supports, 2 slide hammers,  
and a large variety of accessories.

The picture of the workbench does not show all the accessories, tools and consumables included with the multifunctional center.  
The picture is provided for information only. All the pictures of accessories, tools and consumables are on the back of this document.
