- + Portable and light weight for easy hand held mobile use
- + One-man operation of the mobile device is possible
- + Two Universal adapters included (see reverse side for details)

Model specifications

Specification	BFX-10
Working pressure	5 - 50 psi
Weight	15.4 lbs
Power supply	110V, 60Hz
Length	15.3 in
Width	9.8 in
Height	16.1 in
Filling hose length	11.5 ft
Maximum container size	13.8L / 1 gal

Adapters / accessories

	Part number	Description
1	026 80354 00	Brake fluid test strips, FASCAR® 100 strips
2	026 80734 00	Waste fluid collection bottle with bleeder connection and handle 1L
3	325 80118 00	Kit BFX standard adapters with case
-	025 88001 00	Adapter BA01, Three tab, twist on with expandable o-ring
-	025 88002 00	Adapter BA02, Two tab, twist on with expandable o-ring
-	025 88003 00	Adapter BA03, Three tab plastic twist cap
-	025 88004 00	Adapter BA04, Three tab plastic twist cap
-	025 88005 00	Adapter BA05, For threaded master cylinder reservoirs - (Included with 425 80016 00)
-	025 88006 00	Adapter BA07, All vehicles with a round master cylinder - (Included with 425 80016 00)
-	025 88007 00	Adapter BA08, Vehicles with reservoirs with round opening
-	025 88008 00	Adapter BA09, Honda reservoirs with round opening
-	025 88009 00	Adapter BA010, Toyota reservoirs with small round opening
-	025 88010 00	Adapter BA011, Toyota reservoirs with large round opening
-	025 880110 00	Adapter BA012, Universal cast
-	025 88014 00	Adapter BA013, Nissan Altima, Xterra
