

## Wireless Mobile Column Lift System

### Features:

- Heavy duty lifting capacity – wide base available
- Intelligent patented wireless smart lift technology
- Simple tablet-based touch screen with onboard manuals, videos, and internet
- Supports a broad line up of applications from light vehicle to commercial vehicle
- Fully adjustable carriage, 12" forks supports wheel diameter from 5" to 24.5"
- Patent-pending down-stop visual safety system
- Adjustable lift height up to 69" (1753 mm) for free-and-clear access
- 24-volt mobile column, with a wide, adjustable carriage for over-sized tire engagement
- Features the industry's original wireless communication system, state of the art touch screen graphic control system, and a patented self-centering adjustable carriage, providing the user with the most reliable and safe lifting environment
- No external wires or cords providing clear and safe access to the undercarriage of the vehicle
