

17-Gallon Low-Profile Oil Drain JDI-LP4

NOTABLE FEATURES

- Gate valve for gravity draining
- Easily converts to self-evacuation drain with JDI-EK Air Evacuation Kit
- 10" ground clearance

Perfect for heavy-duty trucks, buses, RVs and other heavy-duty equipment. The rugged steel construction stands-up to the toughest shop conditions. Use as a gravity drain with a pump-assist evacuation system or optional air evacuation kit. The all-steel construction makes this low-profile drain the workhorse of a heavy-duty repair shop. The 10" ground clearance allows this drain to fit under most heavy-duty vehicles.

Air Evacuation Kit JDI-EK

This optional kit converts the JDI-LP4 into a self-evacuating drain. Using regular shop air, easily transfer oil from the drain to the storage tank.

Kit includes:

- 7 psi fixed air regulator
- 3/4" female quick disconnect coupler
- Safety relief valve
- 2" drain plug
- 3/4" male quick disconnect coupler
- 10' evacuation hose
