# AFS-850 MOBILE AIR FILTRATION SYSTEM

JET's AFS-850 Mobile Air Filtration allows for filtering dust in a closer proximity to where dust is being created increasing the likelihood of filtering harmful particulates out of the air before they reach your lungs. The AFS-850 comes with a MERV 15 filter, providing the efficient removal of dust particulates size range of .3 to 10 microns.

## SPECIFICATIONS

MODEL NO.	AFS850
Technology	SmartSensor up to 1.0µm
Blower Speeds	6 Speeds (190-850 CFM)
Timer Settings (Hours)	1-16
Sound Rating (dB) @ 3.28 Feet	50-68
Merv Rating	MERV 15
Motor	1/5 HP, 115V
Outer Filter	Active Carbon, 2-layer
Handle	Fixed, Full Ring
Base Material	Resin Base
Filter change notification	3 Lights/Sensor
Filter Options	Charcoal
Display	Push Button Digital Readout
Body Material	Carbon Steel
Filter Change Method	Contact Switches, Hip Height
Power Cable Length	15ft.
Weight	34 lbs.
