### 1. Ultimate Tire Storage Solution

Safe and convenient method to store and transport wheels and tires while maximizing your workspace.

### 2. Adjustable Tier Design

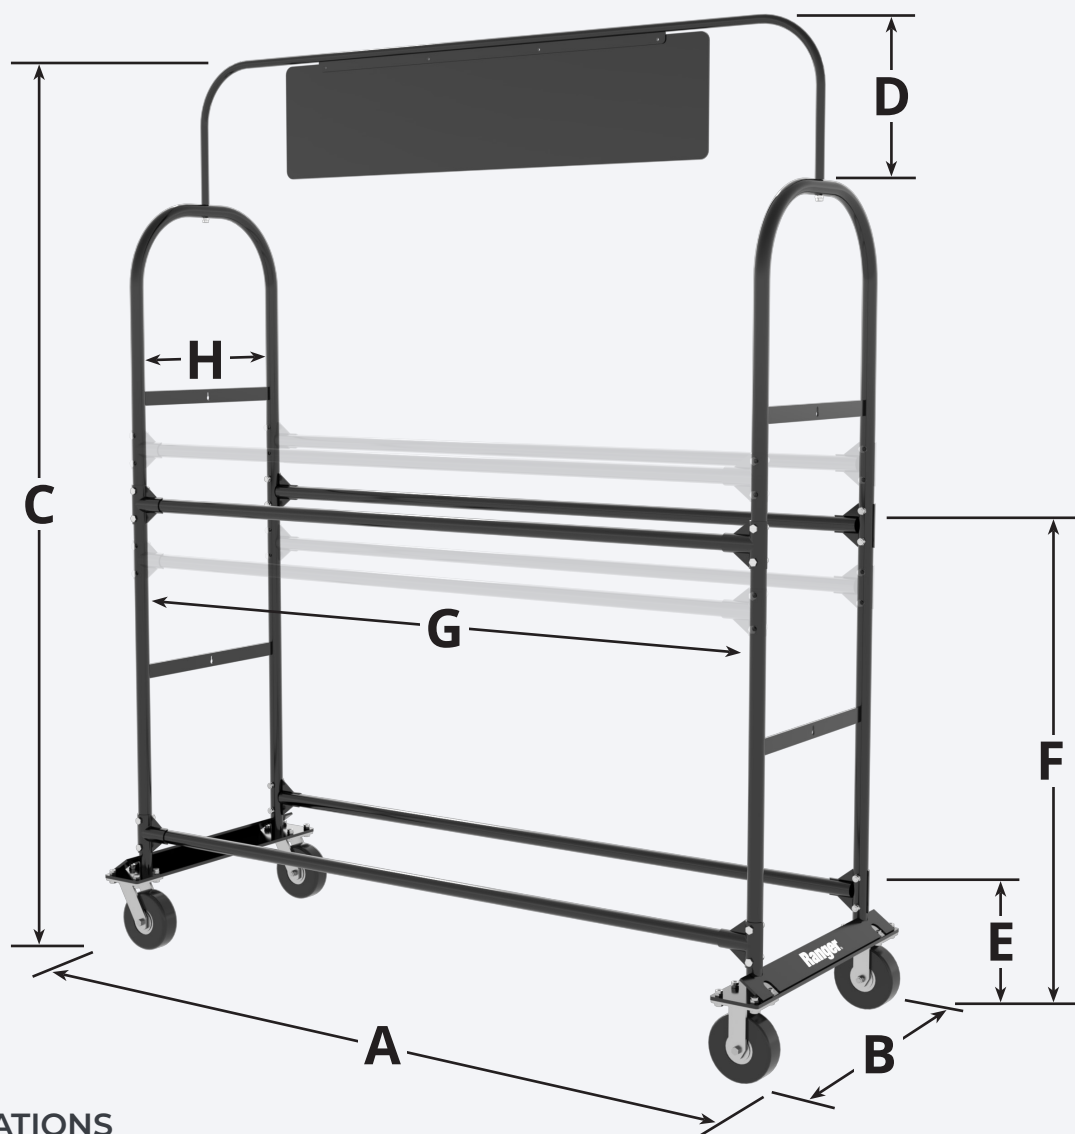

The upper tire storage tier is adjustable to five height positions, spaced 2.75 inches apart, accommodating a wide variety of tire sizes.

### 3. Built-In Sign Holder

Features a top-mounted sign holder, complete with three general sale and service signs to add a professional touch to your shop.

### 4. Heavy-Duty Construction

This rugged, welded steel alloy rack has been designed for durability and boasts a tough powder coat finish that ensures long-lasting performance in demanding environments.
