Titan 1000 lb Motorcycle Lift

The diamond plated Titan 1,000 lb. capacity lifts are air powered tables that come equipped with everything you need to work on your bikes. Add the optional side extensions and your 1000D becomes an XLT unit capable of handling ATVs and other recreational vehicles. Both the 1000D and the 1000D-XLT are built from heavy 12-gauge steel and are powder coated with your choice of Black & Grey or Black & Orange. With their comfortable 35" lifting height and large platforms, these lifts are a perfect addition to any shop or home garage.

Includes:

- Rubber Lined Front Wheel Vise
- Multi-Positional Front Table Extension
- Standard Rear Wheel Drop Out & Roller Plate Drop Out
- Detachable Ramp
- Air Powered Lift Control
- Two Wheel Dolly
