

# ZINKO

## Tire Inflator

Model: ZTI-31C / ZTI-31T

**ZTI-31C**  
(For Car Using)

**ZTI-31T**  
(For Truck Using)

### Usage:

Equipped to work with all standard shraeder valves. Available in multiple configurations with various hose end fittings. 3" dial gauge is easy to read and allows accurate air pressure output. Detachable hoses and fittings allow easy conversion or repair in case of damage.

### Special Features:

1. Gauge uses a Diaphragm instead of a Bourdon tube to increase accuracy even from sudden pressure loss.
2. Shock resistant design ensures gauge stays accurate and returns to 0 even when dropped on the ground.
3. Fewer moving parts and no internal gears increase the useful life of the tire gauge.
4. Meets ANSI / ASME B40.100 standard.
5. CE Certified.
6. 3 Functions: Inflate / Deflate / Pressure Check.

• Various hose ends including clip on adapters.

- Hang Hook: Stainless Steel
- Handle: Chrome-Plated Steel

Model	Port Size (NPT)	Fill Range (psi)	Hose Length (in)	Hose Material	Weight (lbs)
ZTI-31C	1/4"	10 - 220	15.75"	Stainless Steel	2
ZTI-31T	1/4"	10 - 220	15.75"	Stainless Steel	2
